## TESTIMONIALS FROM OUR HAPPY MOTHERS

“I am more than pleased with my experience here at Ankura Hospital. The nurses and doctors were all extremely helpful and took care of me these past 9 months. The prenatal care was excellent. Any query I asked was answered immediately and I was reassured through it all. I'm glad I chose Ankura as the hospital for my child's birth.”

*– Jayothi Mamidi*

“On behalf of my wife, who was a patient in your hospital, I humbly submit my sincere gratitude to the management and staff of Ankura Hospital, especially to your outstanding nurses and doctors. They have been outstandingly helpful and provided a high quality of service, care and comfort to my wife. Thank you.”

*– Md. Karoon*

“As it was my first pregnancy, I was extremely new to the whole process and had a lot of questions and queries. I asked the doctors very frivolous questions but they listened to everything and made sure that all my doubts were cleared and that I didn't have any further questions in mind.”

*– Vaishali D*

“Words can't explain how awesome Ankura was to our family, this was my second pregnancy. Both my pregnancies – labor and delivery were perfect! The staff was so helpful. During my time spent there, I was well-informed about what to expect. I definitely felt prepared. The staff truly love what they do and they are a blessing.”
